PDK INTERNATIONAL
Established in 1906, PDK International supports teachers and school leaders by strengthening their interest in the profession through the entire arc of their career. We honor educators as professionals who learn daily from their work and want to share their knowledge with others to transform the lives of their students and their own specialized work.

Today, we are transforming into a vibrant social sector organization that will activate educators and other stakeholders to elevate the discourse around teaching and learning to ensure that every child has access to a high-quality education.

THE PDK NETWORK

PDK CHAPTERS — Phi Delta Kappa chapters are a professional network for educators that have a common interest and focus on the promotion and improvement of education through research, leadership and service.

EDUCATORS RISING — Educators Rising is transforming how America develops aspiring teachers. Starting with high school students, we provide passionate young people with opportunities to experience teaching and build the skills they need to be successful educators.

KAPPAN MAGAZINE — The flagship magazine for PDK International serves as a bridge between researchers and practitioners by offering high-quality content about classroom practice, policy, research, professional issues, and innovations in education.

PDK POLL — PDK’s annual public opinion poll is a respected and independent research tool exploring American attitudes toward public schools. The PDK poll lifts up the opinions of key stakeholders who often do not have a voice in today’s conversations.

PDK EDUCATION PARTNERS — Based on governance and leadership, culture and engagement, resources, values, content, and talent management; we provide a range of services to superintendents and their teams to help, pertaining to transitions within school systems as well as technical and adaptive change management support.

PLT — Pi Lambda Theta is one of the nation’s most prestigious education honor societies. Established in 1910, membership signifies a commitment to academic excellence and the teaching profession.

PDK EDUCATIONAL FOUNDATION
